#### **EXECUTIVE DIRECTORS/STAFF REPORT**

#### Admin:

Working towards future planning and preparation for funding renewal. We are pushing capital projects in and outside of the ARC to communicate the needs of the district to the public. Meetings are set up with staff to see what we need in the next 5-10 years, we are also meeting with JE Dunn and JLG who built the ARC- to identify 10+ year maintenance items. Ideas like a coffee stand, changing the front desk and concession space in the teen lounge to better equip the building to handle our operations would benefit WPRD. Working with Interstate and the county for a new ice facility. Currently we have an outstanding RFP to upgrade our IT switches. Bids will be reviewed, and a firm will be selected at the next park board meeting.

#### Grants:

Still waiting to hear about the grant for SLP – State SRF. Garrison grant was awarded and scheduled for the 2025 project.

#### HR:

Our Timeclock app went live for a full payroll. We have been working through glitches and getting the settings right for our daily operations. It exported live into the payroll system. Closing out 2024. We are fully staffed. The new Rec coordinator is now here.

#### Marketing & PR:

Last month we did a realignment on social media, and it worked, we gained users. We signed with Bakken Living and will have a half page ad and half page article, we will do a fitness ad and article this spring. All the TV advertisements have taken a new look. National Play Outside day is a new event trying to get people to the parks. We will be attending. Career fair and the Community easter egg hunt.

#### Child Sitting:

Dec was a little slower due to the holidays. They had a Christmas party, and the kids got a goody bag. A sheriff also came and talked to the kids one day. There was a \$3 day pass special during Christmas Break.

Childcare Programs Campus Club and Kids Camp:

The annual staff Christmas Party was held in Jan. They lost some staff members and need 3 part-time workers for Campus Club. Woking on staff for campus club and kids camp this summer.

#### Parks:

Winter maintenance is keeping paths and parking lots clear. Working on the outdoor rinks, which is burdensome due to them all being weather dependent. We are trying to prioritize which rinks to put most energy into. We need to invest in the infrastructure of our outdoor rink's and will start to prioritize locations for this as potential capital projects.

#### Athletic Fields:

All fields are winterized. We just approved new bathroom partitions and paint at the Raymond center.

#### Golf Course:

The golf course is winterized. Ongoing communication with Norby Golf regarding potential expansion. Right now, we are identifying if we need to supplement the water to irrigate the course. We are looking at doing a golf tournament this summer that will be led by the WPRD Foundation. We want to get the foundation better known into the community and inform the community of future plans with the course. We purchased a beverage cart and a utility cart for the golf course.

#### Facility Operations and Raymond Center:

We are at our busiest time. Tetons started baseball and softball. The turf is completely booked. Dealing with user groups wanting more space and time. The Raymond center is also completely full. We are trying to not tell people no, but we do not want there to be conflict between user groups and the space that they are renting. The guest services team is growing. Trying to improve the reservations system. Working on trouble shooting exterior wall issues with the Raymond center along with other updates that are needed sooner rather than later. We have had to research current facilities to see where we are at and how much we need to upgrade for the ice in Raymond center. We are identifying every project that we can do less than \$10,000 to start working on upgrades. We also need new siding and a new roof. Trying to decide how we handle fundraisers and making procedures to work with non-profits. We are halfway through the ice season. Tetons only had 3 games at home. We had 13 open skates. We are looking into pricing on new rental roller skates due to high demand. There were two skate events in Dec. Chaos volleyball and the soccer club are using the courts upstairs. Ballen in the Basin went well. There will be a cornhole tournament in Jan.

#### Maintenance:

The floor robots are here and have been working. They needed some adjustments and now they are operation on schedule. The engine for the HVAC system failed and now we must get a new set up. We have a temporary loaner for now until we get the new one.

#### Aquatics:

The hot tub is drained and refilled every two weeks to keep the levels in regulation. Lessons for Dec went well, we also continued to expand lessons for instructors and all the kids were off the waitlist for Dec, Jan. There are about 70-80 participants on the waitlist for private lessons. Intro to swimming will start in March. Aquacise is avg 10-15 participants in class. Swim with Santa was in Dec with great numbers. Aquatics did elf on the shelf during Dec also and gave our candy to all kids that found the elf. Seal Lions had a meet and the next one is in early Feb. HS swim girls is over and the boys just started. Diving boards will be available when staff is present. Swim fit started Jan 7<sup>th</sup> and is going well, there are adult and youth classes. There is a lifeguard training in Jan as well. Recently added a skills day and staff can come in and work on things they struggle with. We are offering public cpr monthly. There will be a water volleyball league that is also new.

#### Special Events:

Archies Holiday light contest happened, and the winner got 6-month membership. We had mini golf and 95 people showed up because of the great numbers we may start doing birthday parties. National play outside was canceled due to weather.

#### Memberships:

Skate with Santa

#### Recreation:

Youth programs are pickleball, tennis, learn to skate, learn to curl, winter sports sampler, boys 3-6 basketball cheer and soccer. Adult programs are flag football, men's basketball, winter adult volleyball. Travel sports programs are baseball, chaos volleyball, WBBC basketball and Boom fastpitch. The wonder bowling is the adaptive program. We got checks from the American Legion for travel sports.

#### Fitness:

Group Fitness had 576 participants compared to 1,184 in a total of 96 classes compared to 172. These numbers were down due to the holidays. Boot camp ran for the first time in over a year with 22 participants and will run again in Jan/Feb called Love To Boot Camp. Women and Weights had 11, and all programs started in Jan. Personal training we had 85 sessions compared to 125 from last month. Onsite senior classes we provided 10 classes compared to 14 with 101 participants compared to 205 last month. On Dec 3<sup>rd</sup> we had Joe Barsh attend the Lunch and Learn to discuss the new and exciting things happening at WPRD. The GO 2025 challenge will start in Jan and has 165 participants. This challenge will end with the Challenge Feast where finishers can come have dinner and get their shirts and see who will win the raffle prize. We are partnering with ND Health and Human services Gateway to Health, and we are having a Community Wellness Fair March 29<sup>th</sup>, and the focus will be the 7 pillars of health and wellness, we are working on acquiring vendors at this time.

Draft Jan 21, 2025

#### **OLD BUSINESS**

Williston Water World:

On going and slow for the winter months.

**NEW BUSINESS** 

CDARS accounts/Capitol Funds Discussion:

Communicating with ASB and other banks to learn how to best appropriate WPRD funds for operations and Capital gains. Currently, WPRD General fund is a high interest account, earning 2.45% interest a month up to a cap of \$4mm.

We recommend opening a capital funds account with the same structure as the current general fund and begin implementing revenue transfers with the interest revenue from CD's.

Funds would be appropriated within the Capital Funds account for specific projects. WPRD would reserve the right to change these percentages as deemed necessary for operations.

25% Rainy Day, 20% Capital Purchases, 20% Facilities, 20% Parks, 15% Athletic Fields/ Golf Course.

We believe a floor of \$2.5mm should be established within the General fund, \$500K from current excess in the General fund should be transferred into the Capital Funds account and any excess remaining should be invested into CD's. For the highest interest rate, ASB is offering a 4-month special CD. We recommend using all excess funds available to purchase 4, 4-month Special CD's with revolving maturity dates. This would mean 1 CD would mature every month, giving WPRD access to excess funds while also generating the highest interest possible. Each month, WPRD would have the right to negotiate the interest rate at the relative maturity date of each CD.

MOTION by Roness, SECONDED by Jangula, to approve the opening of a capital funds checking account at ASB and to initiate a deposit of \$500,000 from WPRD General fund, and to approve the purchase of 4 CDs over the next four months. ROLL CALL AYE: Liffrig, Jangula, Heller, Linghor, Roness NAY: None. ABSENT: None.

Park District and WSC Agreement:

This is standard Joint use facility agreement with WSC. We changed it from a 3-year to a 1-year agreement so that we could monitor enrollment at WSC. Over the last 4-5 years, the enrollment has been in decline and unstable and that is why it will be a 1-year. New facilities and programs at WSC give us optimism that enrollment will regain consistency, and we can eventually return this agreement to at least a two-year operating window.

No correspondence or citizens were present to be heard.

MOTION by Jangula, SECONDED by Roness to adjourn meeting MOTION CARRIED.

ATTEST: Rhonda Ludlum, Fitness and Wellness Manager

## **Childcare Programs Portfolio**

### Campus Club

Campus Club After School Program is looking for three more qualified staff members to join our team! With cold and flu season in full swing, staffing has been challenging at times with employees out sick. The goal would be to have five employees at most sites, and to also enroll some students off the waitlist, but staffing has made that quite difficult to do. However, there were a few students who left the program in January, so we were able to move some off the waitlists at Rickard, Hagan, Wilkinson, McVay, Garden Valley, and Missouri Ridge. A total of 13 new students are now enrolled in Campus Club!

We are currently planning a spring field trip to the ARC for each school! Once all seven dates are scheduled, we will begin working on the bussing aspect. Each school will come on a different day. After having a snack, the students will ride the bus from their school to the ARC. On their field trip day, the parent or guardian will pick up their student(s) at the ARC. The students will be able to enjoy the water park as well as play throughout the ARC on their field trip day!

This month Campus Club will be having a special guest come to each site! Two instructors from the fitness department will be making their way to each school to teach a high/low fitness dance class! This is something new we are bringing to the after-school program and hope to do again in the future! Thank you to Rhonda and the fitness staff for making this happen, I know the students and staff always look forward to having special guests!

## **Child Sitting Portfolio**

The new year was busy in the Clubhouse, we had 44 new kids come into child sitting. The calendar was packed with activities for the kids with sensory days, winter themed crafts, and a fun scavenger hunt for everyone to enjoy. Our January party was "Off to the Races" where kids got to race each other on the floor racetrack, take toy cars on a long drive through the classroom, make themed crafts, and take home their very own race car!

Our January special was a 6-month passport for \$275 instead of \$340 with siblings half off. This is the first time our 6-month passport has been the special since bringing it back and it was a hit! We had one birthday party in the clubhouse in January with more booked for February. The visit counts in the clubhouse were up this year compared to January of 2024, but lower than 2023. We are continuing to be more active on social media, as well and trying new things in the clubhouse to keep kids and parents interested and excited to come back.

The Youth Tennis program remains strong under the leadership of the Williston High School Tennis Coach, Tami Hunter and the help of her high school students. The coaches are working on development and skills of the game of tennis to prepare for games.

## Learn To Skate

Dates: January 4 – February 8

Fee: \$44.50

Current Registration Numbers: 142

2024 Registration: 79

2023 Registration: 76

Special Note:

Learn To Skate is a thriving program as we have fantastic coaches this session. With the number of coaches, we were able to get the maximum number of skaters on the ice this winter.

## Learn To Curl

Dates: January 2 – January 30

Fee: \$26.00

Current Registration Numbers: 10

2024 Registration: 16

2023 Registration: 27

Special Note:

Youth Learn to Curl is coordinated by WPRD but ran through the Williston Basin Curling Club.

## Winter Sports Sampler

Dates: January 4 – January 25

Fee: \$29.00

2024 Registration Numbers: 28

2023 Registration: 52 (Both Sessions)

2022 Registration: 49

Special Note:

Sports Sampler was a success. The kids enjoyed each sport and were enthusiastic to be there.

## Boys 3-6th Basketball

Dates: January 7 – February 27

Fee: \$39.50

2024 Registration Numbers: 112

2023 Registration: 118

2022 Registration: 128

## Special Note:

It's hard to believe it is now the 6th week of the boys' basketball program. They have played 3 games so far and will have a fourth this week. They now have a mixed schedule with games and practices so they can continue to improve in a not as fast-paced setting that comes with head-to-head games. In 2 weeks, the final game will be played on the 27th and it will be positioning based seeding for the "championship" (ie. 1v2 3v4 5v6 based on their records).

### **Adult Programs**

Men's Basketball

Dates: November 11 - Feb 10

Fee: \$1007

**Current Registration Numbers: 8** 

2023 Registration Numbers: 9

2022 Registration Numbers: 9

Special Note or Highlight: The season is wrapping up. I have had to crack down on the roster rules. I think in the upcoming season I will be stricter right away. I want to make sure it does not lose its legitimacy as a league.

Winter Adult Volleyball

Dates: December 2 – Feb 12

Fee: \$196.00 / \$260.75

Current Registration Numbers: 24

2024 Registration: 21

2023 Registration: 32

Special Note: Winter AVB has added a couple of teams, and we were close to adding a team of all free agents. The league itself runs fine because the teams all know how it runs. Making sure nets and courts are set up properly and on time is still an ongoing issue. This is not a major problem, but it is my main complaint.

## Travel Sport Programs

- Baseball: Youth baseball registration will be opening this week. Keybird schedule is completely done. We are sitting at 44 games. 7/8 teams confirmed for the Tru Wealth. Williston will host the 100th Anniversary of Legion Baseball AA State Tournament in 2025. Excited for summer!
- WBBC Basketball: Travel teams are in full swing traveling for tournament.
- Boom Fastpitch: Tryouts happened Jan 16/18
- Chaos Volleyball:

## **Upcoming February Recreation Programs:**

Adult Spring Volleyball

## **Special Events**

January 24 Kid's Night Out was successful.

National Play Outside Day was held at the Keel Boat this month. The weather was super cold and there wasn't enough snow for our planned snow sculptures, but we still had several kids show up for smore's cocoa and indoor crafting fun.

February's Nerf Wars event was a huge success. Parties were booked Wednesday through Sunday. Toddler Black Light had a great turn out both days and Family Open Nerf on Saturday was super busy!

Puzzle Palooza had just 7 teams this month.

## Upcoming:

At the time of this report, Date Night Weekend is upcoming February 21-22. Enrollment looks great and we hope to report on a great event!

March National Play Outside Day is supposed to be at Harmon Park. We plan for chalk art but may have been a little optimistic about the weather and snow conditions.

March 14-15 will bring our first ever exclusive Black Light Mini Golf event. We hope to hold private parties as well as a time for the community to walk in and putt putt.

March 17 and 18 will be the return of roller skating! We'll kick it off with a Shamrock SK8 on the 17<sup>th</sup>!

# Williston Parks & Recreation District Network Update Proposal

### 1. Objective of this proposal

• The objective for updating the network hardware is to bring the entire network up to current security standards and provide for future growth as well as provide the greatest performance and functionality. New firewalls and switches are needed to attain current security standards and provide the best overall result.

#### 2. Scope of Work

- Pro IT will provide the necessary hardware and licensing needed as well as configure, install and test the hardware for functionality. This hardware will replace the existing hardware in its entirety, matching the new hardware that has been recently updated throughout the district.
- The recommended hardware is manufactured by Fortinet, the leading cyber security manufacturer. Fortinet provides the highest level of security, functionality and performance for the district's needs.
- Our plan to minimize down time will be step-by-step removal and installation of the new hardware. The new hardware will be preconfigured in house prior to installation to make it as much of a plug and play installation as possible. This installation can be completed after hours to limit the amount of downtime during WPRD business hours.
- Once the installation is complete, testing will begin to ensure that all proper connections are made, and all functionality remains. The testing can also be completed during after hours to avoid unnecessary downtime during business hours.
- As the current provider for your IT services, we will continue to provide all necessary training and assistance needed for district staff to ensure all needs are met.
- Maintenance and service is currently included in WPRD's managed services agreement.
- All hardware includes a 3-year warranty from the manufacturer with the ability to extend the warranty.

# **Terms of Service**

## Services Agreement

This Agreement between Williston Parks & Rec, herein referred to as Client, and Pro IT, LLC., hereinafter referred to as Service Provider, is effective upon the date signed and be reviewed annually to address any necessary adjustments or modifications. Should adjustments or modifications be required that increase the monthly fees paid for the services rendered under this Agreement, these increases will not exceed 10% of the value of the existing monthly fees due under this Agreement. This Agreement may be terminated by the Client upon ninety (90) days written notice if the Service Provider: Fails to fulfill in any material respect its obligations under this Agreement and does not cure such failure within thirty (30) days of receipt of such written notice. Breaches any material term or condition of this Agreement and fails to remedy such breach within thirty (30) days of receipt of such written notice. Terminates or suspends its business operations, unless it is succeeded by a permitted assignee under this Agreement. This Agreement may be terminated by the Service Provider upon ninety (90) days written notice to the Client. If either party terminates this Agreement, Service Provider will assist Client in the orderly termination of services, including timely transfer of the services to another designated provider. Client agrees to pay Service Provider the actual costs of rendering such assistance.

## Fees and Payment Schedule

Services will be suspended if payment is not received within 5 days following date due. Refer to Appendix B for services covered by the monthly fee under the terms of this Agreement. It is understood that any and all Services requested by Client that fall outside of the terms of this Agreement will be considered Projects, and will be quoted and billed as separate, individual Services.

## Quotes

Quotes will only be valid for 7 days unless otherwise specified in the Quote. A Quote is merely an invitation to You to place an Order with Us and the acceptance of a Quote by You will not create a binding contract between You and Us. Quote is valid for 7 days only. Expiry dates on quotes are set to be able to inform Us when the quote is still active or to be discarded. Once discarded the quote will need to be requested again. Once a quote has been confirmed by Us, then the prices in the quote will be confirmed as the final agreed price. A quote is confirmed as 'final' as soon as both parties agree with the final price after any last changes requested by You. The price in the final quote may vary from the original request if there is any price or product changes requested by You. We reserve the right to alter product and prices in the quote, as long as the quote has not been confirmed with You. Quotes and estimates shall be deemed to correctly interpret the original specifications and are based on the cost at the time the quote or estimate is given. If You later require any changes to the quotes, and We agree to the changes, these changes will be charged at Our prevailing rate. Once the Quote has been confirmed and converted to an Order, the Order will be subjected to our normal Terms and Condition of Sale. The general minimum turnaround time for Quote request to be actioned is usually 24 hours. In the event that a quote is required urgently please let us know so that we can respond to it accordingly. When a special price or discount offer has been applied to this Quote, no other special promotion, discount or bonus offer will be applicable.

In the event that products in the Quote are subjected to any price and supply fluctuations that is outside of Our control We reserve the right to update the price and product in the Quote accordingly. If a product has undergone a price drop or a price increase, the Quote will then be adjusted accordingly. If there is a product that is no longer available, the product will then be replaced or substituted based on Your request and is subject to Your final approval. Price on nonstocked products are subjected to Price and stock fluctuations and can only be confirmed once the Quote is turned into an Order. While We endeavour to honour every price quoted, if there is a price increase that is beyond our control, We reserve the right to increase the price as necessary. Once a Quote has already passed the expired date, We may cancel the quote or estimate without having to notify or receive an approval from You. ETA information is based on an estimate given by our vendors and cannot be held as the actual promised date. Freight charges will be added to the Order unless otherwise stated. Any included delivery charges are estimates only. We do not keep inventory and as such only order items once we receive a completed order from a client. If You would like to return an item or cancel an order, a restocking fee may apply. We will need to get approval from the distributor that the stock is returnable before being able to issue a refund as not all products can be returned. Prices are based upon total Quote Purchase. Unless Specified, all items on quote are covered by manufacturer's warranty covering parts and labour for hardware only on a return to depot basis. Varying or withdrawing Quotes: We may vary or withdraw a Quote at any time in Our absolute discretion and without prior notice to You. We may do so for any reason We consider fit, including, e.g. where the Goods or Services become unavailable or the cost price of Goods or Services increases after the date of the Quote.
